

DITA Community Open Source Project

A place to put DITA stuff for all to use

Eliot Kimber
Contrext, LLC

DITA OT Day 2015 Munich, Germany

GitHub Organization

- github.com/dita-community
- dita-community.org

Purpose and Scope

- Intended as a loosely-managed central repository of general-purpose DITA stuff
- Materials of general interest to the DITA community
 - Open Toolkit plugins
 - Transformations
 - Editor frameworks, extensions, etc.
 - Sample data sets
 - Etc.
- Anyone may contribute
 - Can set up new projects
 - Normal pull requests

What You'll Find There Today

- OT plugins:
 - Map-driven processing
 - Copy-to adjustment
 - PDF page break
 - DITA 1.3 support for OT 1.85.
 - Ruby markup
 - DITA Q/A reporter
- DITA demo content collection
 - Realistic DITA content
- DITA utilities
 - Random XSLT and XQuery
- Doxygen2dita
- DITA RNG converter

How to Contribute

- New project:
 - Request a new git repo from organization admins (e.g., Eliot Kimber)
 - Add your stuff
- Existing projects:
 - Pull requests
 - Join project-specific team in GitHub

Please Use and Contribute
